

Who.

ARE WE ...

We are a family based organization that is helping people face and overcome the challenges of life in the aftermath of drug and/or alcohol dependency. Our mission is to deliver our services by being inclusive and balanced in our approach while reflecting the needs of an increasingly diverse population.

What.

DO WE DO ...

We provide a family style, educational and pastoral home that houses men who have completed a rehabilitation program and help to re-integrate them into the community as fuller members.

Why.

DO WE DO WHAT WE DO ...

Primarily out of love of neighbour. Our own core catholic ethos and life experiences have shaped our lives and highlighted for us our obligation to help.

Where.

ARE WE ...

Grá House, Rathdrum,
Co. Wicklow.

When.

CAN WE HELP ...

The time we see where help is most needed is after completion of a rehabilitation programme. For the individual, identifying the next step and finding the courage to take it will require love and support. This is where Grá will help.

How.

CAN WE HELP ...

By providing the basic need of a home built on love and prayer. From this environment we can walk with the individual and help create, develop and actualise their own individual life-plan that will respond to their personal needs and desires to live a more hope-filled life.

How.

CAN *You* HELP ...

- By donating in part or fully to any of our ongoing projects.
- By providing your professional services "gratis", such as mentoring Grá members and staff and/or in running the company.
- By working with us for; employment opportunities for our members, innovative fundraising for our projects, and networking business contacts for Grá.
